MANTA

DIMENSIONS

STRUCTURE

Available in 5 different bases:

- 4 legs in metal chromed tubular
- Chromed or painted in black metal truss
- 4 legs in solid oak with natural or tempered finish
- 4 spoke self-aligning base on swivelling feet
- Rocking base with metal structure painted in white or black provided with solid oak sleds natural or tempered.

STRUCTURE AND FOAM

The inner structure of Manta is a metal skeleton provided with elastic belts to increase the comfort, and adequately padded with polyurethanic cold injected foam rubber. The seat cushion is half in rubber and half in memory rubber.

Available even with fireproof castors Certified 1IM.

ACCESSORIES

- Comfortable headrest applicable in every version.
- Goose down quilt that can be placed on the armchair
- Wide coffee table in metal chromed truss or painted in black with a natural, tempered or marble oak plan.
